

hackBCA

Where?

Bergen County Academies High School
Hackensack, NJ

When?

March 22, 2014 at 3:00 PM
to March 23, 2014 at 3:00 PM

hackBCA is one of the first high school hackathons

hackathon: A coding marathon where students get together and build something. It is a caffeine-fueled night in which you can learn all about programming and create something awesome! We will have mentors on sight and programming demos throughout the night!

Are you a **insane hacker?**

Have you ever wanted to **learn to program** but didn't know where to start?
